

Every single day, at least 20 times a day, our pencil sharpener is used. For us, it is simply a matter of placing our pencil into the grinder and patiently-or not so patiently- waiting for the sharpening to be completed. But what is this like for the pencil sharpener? Is it pleasant? Frustrating? Sickening? Write one paragraph describing, from the pencil sharpener's perspective, what it feels like to be the class pencil sharpener.
