

Reflection Questions

1. Briefly talk about one idea in each of the following categories that you were proud to have contributed (even if these ideas were not used in the final project):

What was already known about the character

Something you wanted to know about the character

A creative assumption you made about the character

2. Looking back on the project, what is one detail or idea that you feel does the best job at “filling in the gaps” about your group’s character?
3. What is one detail or idea that you had that did not get included in the final project? Why didn’t the idea get included? How do you feel about that?
4. If you had more time to work on this project, what is something you would improve or a choice you would change? Why?
