The Cat

The cat with soft gray fur
The cat with green eyes
That cat that goes for walks on his blue harness
The cat that gets lost in trees
The cat that sleeps in sinks
The cat that relaxes on the table
The cat that bumps into walls
The cat that runs from birds
The cat that tries to make friends with dogs
The cat with huge clumsy paws
The cat wit twitchy whiskers
The cat that avoids being alone
The cat that stole my heart

—Felicia Luke

The Pole

The Pole that caught the big bass
The pole that caught the small kiver
The pole with a rusty reel
The pole that's colored red
The pole that has green line through it
The pole I spent all my money on
The pole that could not break
The pole that I bring everywhere
The pole that never gives up
The pole waiting by the water
The pole that once fell off the boat
The pole my friend had to jump in after
The pole that will be passed on for generations

—Adam Griffin
