## GROUP SELF-ASSESSMENT RUBRIC

**Directions:** Complete the following rubric to assess how well your group completed your research on the Vikings. Circle the block that you think applies to your performance under each category. Total your score and complete a short summary of your reaction to the research process.

Score	Plan	Collect	Organize	Apply
4	We made good use of our time. We were able to remain on task.	We used a variety of resources and carefully selected only the information needed.	We thoroughly selected and organized information to complete our organizer. We selected information that was relevant.	We used the information in a meaningful way to navigate the Viking game.
3	We were able to work within the timeframe our teacher gave us. We were able to remain on task with the help of our teacher.	We used many resources to find information and were able to add to our information with the help of our teacher.	We sorted information that completed the organizer without too many errors or omissions.	Our organizer was able to assist us in answering some of the questions posed in the game.
2	We needed teacher help to list and organize our information.	We used one or more sources. We made errors in the selection of material included.	We tried to organize information, but made some mistakes. We were unable to focus on the information needed to complete the organizer.	Our organizer was not complete and minimally assisted us in the game.
1	We were unable to organize our work within the allotted time	We lost focus during the collection process. As a result our information was incomplete or inaccurate.	We were unable to sort and organize the information we found to complete the organizer.	Our organizer was incomplete and lacked details and accuracy. It was not a benefit to us.
