## Oranges Anticipation Guide

(For each statement, mark one response with an X.)

	Statement	True	False	Not sure
1	Oranges originally came from South America.			
2	The United States grows more oranges than any other country.			
3	Oranges that are green are unripe.			
4	Oranges contain more Vitamin C than any other fruit or vegetable.			
5	Oranges "breathe" oxygen even after they are picked.			
6	An orange tree can grow from a lemon seed and vice versa.
