HOW TO HAVE A GREAT DISCUSSION

1. Listen while others are talking.

2. Let each person finish talking before speaking.

3. If someone answers with *yes* or *no* ask them WHY?

4. If the question is a *Right There* or *Think and Search* question make the person who answers PROVE IT!

5. If the question is an "In Your Head" question remember there is no right or wrong answer!
