Making a Difference Through Community Service Learning

As a part of the Crossing Boundaries project, we will have the opportunity to support a local organization that works with issues related to crossing boundaries; our poetry night will be a fundraiser to support this organization through orders of our anthology.

Find out what local organizations are doing in our community. Start by researching one online and contacting someone in the organization to find out how we could be involved. Report back to the class with your findings. We will then vote on an organization to support.

Name of Organization:
Contact Info:
What is this organization's purpose?
What does this organization do?
How could we help or get involved?
