

Caption Checklist

- All sections of the *Picture This!* handout are complete.

- An appropriate number of terms and phrases are included in steps 1 and 2 of the handout.

- The words and phrases used to describe the photos are a reasonable fit with prior knowledge of the topic and the image, itself.

- The final caption coherently describes the photograph or provides the reader with more information about the topic.

- The final caption focuses the reader's attention on an important part of the picture.

- The final caption is edited accurately (captions are a sentence or about 10 words long; spelling and grammar are accurate).
