

Picture This!

Step 1: What Can I See? (List as many things or actions as you can.)

Step 2: What is most important? What is this picture trying to show or what story is it trying to tell? Hint: Many times it is big and in the middle. (Move over just a few words from Box #1.)

Step 3: Draft a caption using one or more of the words in box #2. The caption should be short (10-15 words) and tell the reader what he or she should focus on or learn from the picture.

Step 4: Revise and edit your caption. Does it sound like "book language"? Is it less than or about 10 words long? **Write your final caption below the image.**
