

Peer Review Reflection Structure

Once you finish reading the feedback on the Visual Collage Peer Review Sheet, get out your Artist's Journals, and create a new entry that includes at least a paragraph for each of the following bullet points:

- The peer reviewer who examined my collage thought the connection between love and war was _____.
- The peer reviewer's understanding of my collage differed from my intentions in these ways: _____.
- To make sure my intentions are clear in my collage, I need to _____.

You can also write any additional thoughts that you have about the peer review and your own collage in this Artist's Journal entry.
