The Beverly Hillbilly

The summer before my senior year of high school, I had the opportunity to visit a friend in Los Angeles, California. The phrase “life in the fast lane,” definitely applies to everyday life in L.A. (insert The Eagles, “Life in the Fast Lane”). While I had visited many large cities before, none of my experiences could have prepared me for “big city life.” I was a Beverly Hillbilly for two weeks; I was only missing Granny and Elly May (insert “Dueling Banjos” from *Deliverance*).
