

Observation Rubric for Participation

Directions: This checklist is for use throughout the lesson. Depending on your class, you may want to focus on specific students in all categories or on one of the categories for all of your students.

Rating Scale: 1 = student did not do this
2 = student did this with prompting
3 = student did this independently

Student name	Student listened during the read-aloud	Student identified a natural resource or producer	Student made a “that reminds me of...” connection about the book
