

Today's Date: _____

Dear Parents,

Our class is going to study our town through a camera lens. We will be photographing unique and special places. I would like to be able to send home a disposable camera with students to take pictures around town after school.

Please send \$1.00 to school with your child by _____ to help pay for the disposable cameras. Once we get our cameras, I will be sending a note home to find out when your family can take pictures.

Sincerely,
