Book Review 1

D.W. All Wet by Marc Brown

Can you imagine going to the beach and doing nothing? Well, that's exactly what D.W. does when she goes to the beach with her family in *D.W. All Wet*. D.W. doesn't like water, but in a laugh-out-loud part, Arthur tricks her into going in the water. I won't spoil the ending, but if you like silly and wet stories, you'll like this book. I would recommend this book to kids who enjoy other Arthur stories.

Book Review 2

D.W. All Wet by Marc Brown

D.W. All Wet is a super story. The beach is very pretty and everything works out for D.W. I really like the swimsuit that D.W. wears. I want to find one just like it for the summer. I hope you'll read this book. It's awesome.
